

The fact that over 2.8 million New Jerseyans have signed up for the Do Not Call Program would seem to indicate that the people of NJ have made a definitive statement as to their views re this list. It seems ridiculous that telemarketers want the ability to call people who have made their wishes plain by signing up to stop telemarketing sales calls coming into their homes; seems like harrassment to me. I stand with Governor Codey who is adamantly opposed to any weakening of this program.
